ABOUT OPTIMIZED

Optimized Solutions International is a global professional services organization providing business enterprise solutions to clients for over 20 years. A pioneer in applying innovative, technology-based solutions to common business problems, Optimized Solutions is headquartered in Chicago, Illinois with offices in Boston & India.

CUSTOMER CHALLENGE / USE CASE

- Manual Process of Goods Receipt taking more time
- Human errors during inbound GR process
- Higher Operational Costs
- Lack of real time dashboards

GOODS RECEIPT AUTOMATION SOLUTION

Goods Receipt Automation solution can enable customers to automate GR in their warehouses. Advantages include fully-automated real-time updates of inbound inventory items, enhanced efficiency of warehouse, plant, field personnel & reduced GR/IR reconciliation errors, upto 20% of minimized invoice exception situations, and improved overall service procurement reconciliation for reduced operational costs.

SOLUTION FEATURES

- Built on a collaborative model between the client & Optimized Solutions
- Leverages core business processes in ERP & integration platform while innovating with IoT
- Highly reusable solution that can be used with any ERP platform
- Delivered on an agile model with weekly sprints and co-ownership between client and Optimized Sol.
- 4-6 weeks of build & test effort, with one week for demo & closure
